Top Skills

Global Mapper
GeoAI
Machine Learning

Certifications

AccentureNordics - Software Engineering Job Simulation

Digital Image Processing with OpenCV in Python

Crash Course on Python

Supply Chain of Agriculture

basics of python

SHIVA KUMAR INDURI

Geoinformatics Student | GIS & Remote Sensing | AI/ML Applications in AgriTech | Geospatial Data science| Python for Geospatial | GEOAI | Agentic AI
Hyderabad, Telangana, India

Summary

I am 3rd-year Geoinformatics engineering student passionate about integrating geospatial technologies with Artificial intelligence and Machine learning to develop innovative, data-driven solutions. My academic background and hands-on projects have strengthened my expertise in GIS, Remote Sensing (RS), Python programming, and machine learning/deep learning for spatial data analysis.

What I bring to the table:

Strong foundation in GIS(ArcGIS, QGIS) and Remote Sensing workflows
Experience with Python, ML/DL models, and cloud-based geospatial platforms (Google Earth Engine)

Interest in applying AI , ML and LLMs to enhance geospatial data analytics and automation

Currently seeking internship opportunities where I can contribute to impactful projects while expanding my skills in geospatial AI, data science, and emerging technologies.

Open to collaborations, research, and internships in GIS, AI, and geospatial analytics.
Let's connect!

Education

Jawaharlal Nehru Technological University
BachelorofTechnology - BTech, Geoinformatics · (January 2024 - June 2027)

S.G.Government Polytechnic , Adilabad
DIPLOMAINCIVILENGINEERIMG · (August2021 - May 2024)
